MINUTES FOR THE 152nd MEETING OF PUDUCHERRY POLLUTION CONTROL COMMITTEE HELD ON 08.09.2016 AT 3.30 P.M. IN THE CONFERENCE HALL OF PUDUCHERRY HOUSING BOARD, ANNA NAGAR, PUDUCHERRY

Agenda Item No. I –Confirmation of Minutes of 151th PPCC Meeting held on 28.04.2016

Agenda Item No.II –Cases for Issue of NOC/Consent to Establish

Agenda Item No.1: Issue of Consent to Establish from Pollution Angle to M/s. Ezhil Flour & Rice Mill, Nirnayapet, Selliamedu, Bahour Commune Panchayat, Puducherry.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal, subject to the following conditions:

i. The unit shall provide Stack with a height of 12 mt.from ground levelfor dissemination of boiler emission.
ii. The ash from the boiler shall be collected and stored in an enclosed area.
iii. The blow down wash water generated from the baby boiler shall be recycled and used for plantation within the premises.
iv. Transportation of ash shall be done by providing closed tarpaulins to avoid dust during handling and transport.
v. The unit shall not operate during night time.
vi. The unit shall not create any pollution problem to the surroundings.
vii. The project proponent shall provide suitable air pollution control system for the containment of particulate emission.

Agenda Item No.2: Issue of Consent to Establish & Operate from Pollution Angle to M/s. Newgen Bio Science (P) Ltd., Villianur Commune Panchayat, Puducherry at R.S.No.2,Plot.No.7, 8, 9 &10, Industrial Zone, Kurumbapet, Villianur Commune, Puducherry for Manufacturing Feed for Animals.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal, subject to the following conditions:

i) There shall be no trade effluent or hazardous waste from the process.

ii) All activities shall be carried out in enclosed place with proper ventilation arrangements.

iii) Workers shall be provided with appropriate respiratory masks while handling raw materials in powder form.

iv) All possible measures shall be taken to minimize fugitive dust emission during handling of raw materials.

Agenda Item No.3: Issue of NOC/Consent to establish to M/s Hindustan Unilever Ltd, Personal product factory (Hair Shampoo unit), Vadamangalam, Villianur Commune, Puducherry for increase in shampoo production capacity from 100 TPD to 136 TPD – with additional ground water requirement of 56 KLD.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal, subject to the following conditions:

i) The unit shall obtain clearance from Pondicherry Ground Water Authority / Regional Committee for extraction of additional ground water in view of their policy and also the new industrial policy notified. The representative from the Ground Water Division of Agriculture Department is of the view that the industry can adopt water conservation measures in two more villages in addition to their existing conservation places.

ii) The unit shall carry out rain water harvesting within their premises and water shed management in surrounding area and adopt water management in at least 2 villages in consultation with State Ground Water Unit / Puducherry State Ground Water Authority.

iii) The unit shall provide Continuous Online Monitoring System for the Flow Meter and Totalizer readings of all the borewells in their units and the ETP outlets and connect it to PPCC Server within one month.

Agenda Item No.4: Issue of NOC/Consent to Establish to M/s Sarandev Auto Works, No. 29, MuthalammanKovil Street, Pavazha Nagar, Puducherry for maintenance and repair of two/three Wheeler.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal for repairing and servicing of two wheeler only, subject to the following conditions:

i. The unit shall obtain necessary clearance from the Puducherry Planning Authority.
ii. The unit shall not involve in water washing, water servicing inside the premises.
iii. The unit shall carry out repairing and servicing of **two wheeler only**. Three wheelers shall not be serviced.

Agenda Item No.5: Issue of NOC to M/s. Strides Shasun Ltd., Periakalapet, for transport of Hazardous Waste from their unit to M/s Gomti Incinco, Karnataka for incineration of HW.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal with the following conditions:

i. For every transport & disposal of the Hazardous wastes, manifest in Form 10 shall be submitted to this Authority.
ii. During transportation, the provisions of Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and relevant guidelines of Central Pollution Control Board thereon shall be followed.
iii. Hazardous waste shall be transported through authorized vehicles with proper marking as per Rules.

The unit shall dispose only authorized category and quantity of HW to M/s Gomti Incinco, Bangalore.

Agenda Item No.6: Issue of NOC to M/s. Pentakcoat Resins, Kondalankuppam Village, for transport of aromatic aliphatic solvent, spent solvents, distillation residues, spent organic solvents from the industries in Puducherry State.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal with the following conditions:

i) For every transport & disposal of the Hazardous wastes, manifest in Form 10 shall be submitted to this Authority.
ii) During transportation, the provisions of Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and relevant guidelines of Central Pollution Control Board thereon shall be followed.
iii) Hazardous waste shall be transported through authorized vehicles with proper marking as per Rules.

Agenda Item No.7: Issue of NOC to M/s. Keerthiga Chemicalss for transport of Hazardous Waste from Puducherry to their facility at Uppidamangalam Village, Karur Taluk.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal with the following conditions:

i) For every transport & disposal of the Hazardous wastes, manifest in Form 10 shall be submitted to this Authority.
ii) During transportation, the provisions of Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and relevant guidelines of Central Pollution Control Board thereon shall be followed.
iii) Hazardous waste shall be transported through authorized vehicles with proper marking as per Rules.

Agenda Item No.8: Issue of NOC to M/s. Gomti Incinco, Bangalore for transport of Hazardous Waste from Puducherry to their facility at Kumbalgodu, Mysore Road, Bangalore for incineration.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal with the following conditions:

(i) For every transport & disposal of the Hazardous wastes, manifest in Form 10 shall be submitted to this Authority.
(ii) During transportation, the provisions of Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and relevant guidelines of Central Pollution Control Board thereon shall be followed.
(iii) Hazardous waste shall be transported through authorized vehicles with proper marking as per Rules

Agenda Item No.9: Issue of Consent to Establish / NOC from Pollution Angle to M/s. Confidence Petroleum India Limited, Sedarapet, Villianur Commune Panchayat, Puducherry.

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee observed that the LPG storage of the present project is less than the Threshold limit of 50 MT mentioned in MSIHC Rules, 1989 and the project does not attract the applicability of EIA Notification, 2006 and MSIHC Rules, 1989. The Committee after due deliberation decided to clear the proposal with the following conditions:

i) The combined storage capacity of LPG in the Plant shall not exceed the threshold limit of 50 MT mentioned in MSIHC Rules, 1989.
ii) LPG leakage detectors shall be provided all around the plant premises and any leakage shall be attended promptly round the clock.
iii) The unit shall provide adequate fire fighting arrangements with the approval of Fire Department.
iv) The unit shall obtain site clearance from Town and Country Planning Department.
v) The unit shall prepare a revised Risk Assessment Report and Onsite Emergency Management Plan incorporating damage contours clearly showing the distance of the affected areafor all the risk scenarios including worst case scenario and submit it to the Chief Inspector of Factories and obtain their approval.

Agenda Item No.10: Issue of NOC for the proposed water enhancement from 15 KLD to 45 KLD, to M/s. Godrej Consumer Products Ltd., located at R. S. No. 245/1A & 2A, 245/3, 245/4, Sethur, Thirunallar Commune, Karaikal, without any enhancement in the production capacity.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee noted the following:

i. The unit has an in-house borewell, from which the water requirement is proposed to be met.

ii. The unit has obtained clearance for operating the above said Borewell, from the State Ground Water Authority vide Registration No. K-01-117-01-06752/PGWA/S11/ RENEWAL/2015-16 dated 19.08.2015 valid upto 31.03.2017, for drawal of water upto 45 KLD.

iii. The unit does not propose any associated production enhancement.

iv. The unit has proposed to cater to export orders and hence, for want of maintenance of stringent quality, manpower of 300 is expected. Hence, the enhanced water requirement.

v. Existing STP Capacity is 30 KLD, which is proposed as sufficient, since water used for process is only evaporated and not discharged.

The Committee after due deliberation decided to clear the proposal, subject to the following conditions:

i. The project proponent shall obtain clearance from the Regional Committee, Agriculture Department, Puducherry, for usage of enhanced water requirement of 45 KLD.

ii. Existing STP shall be suitably upgraded.

Agenda Item No.11: Issue of NOC for the proposed water enhancement from 15 KLD to 45 KLD, to M/s. Godrej Consumer Products Ltd., located at R. S. No. 239/3, 239/4, 240/5 & 240/6, Kurumbagaram, Nedungadu Commune, Karaikal, without any enhancement in the production capacity.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee noted the following:

i. The unit has an in-house borewell, from which the water requirement is proposed to be met.

ii. The unit has obtained clearance for operating the above said Borewell, from the State Ground Water Authority vide Registration No. K-05-96-01-06754/PGWA/S11/ RENEWAL/2015-16 dated 19.08.2015 valid upto 31.03.2017, for drawal of water upto 45 KLD.

iii. The unit does not propose any associated production enhancement.

iv. The unit has proposed to cater to export orders and hence, for want of maintenance of stringent quality, manpower of 300 is expected. Hence, the enhanced water requirement.

v. Existing STP Capacity is 30 KLD, which is proposed as sufficient, since water used for process is only evaporated and not discharged.

The Committee after due deliberation decided to clear the proposal, subject to the following conditions:

i. The project proponent shall obtain clearance from the Regional Committee, Agriculture Department, Puducherry, for usage of enhanced water requirement of 45 KLD.

ii. Existing STP shall be suitably upgraded.

Agenda Item No.12: Issue of Consent to Establish from Pollution Angle toM/s. MRG Resort, R.S. No.205/3pt & 205/4pt, Manapet, Bahour Commune, Puducherry for construction of commercial building [35 Nos. of Single Storied Villas, Two storied Main block (Reception block) with Basement floor, Two storied Ballroom Block, Three Storied Staff Residence, Single Storied SPA Block, Six Storied Guest Block, Single Storied Arrival Block].

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal, subject to the following conditions:

i. The applicant shall obtain clearance from the Puducherry Coastal Zone Management Authority as the proposed site falls under Coastal Regulation Zone (CRZ) III categorization

ii. The applicant shall obtain the approval/site clearance from the Puducherry Planning Authority/Town & Country Planning Department

iii. The unit shall obtain necessary permission from the State Ground Water Authority for purchase of water from the private source to meet the water requirement of 167 KLD.

iv. The unit shall not dig or extract water from the borewell without the consent of the concern authority.

v. The domestic waste water generation is estimated about 127 KLD and it shall be treated in the Suitable Sewage Treatment Plant.

vi. The treated water shall be used for gardening and flushing after confirming the discharge standards stipulated under the Environment (Protection) Rules, 1986

vii. The unit shall utilize LPG for cooking. The kitchen exhaust shall be emitted through a stack at sufficient height above the building roof so as to effectively dispose the emission.

viii. The 2x 250 KVA DG Sets shall be operated only during power failure and shall have Type Approval Certificate issued by Agencies authorized by Central Pollution Control Board. It shall meet the noise and air emission standards prescribed under the Environment (Protection) Rules, 1986.

ix. The unit shall comply with the Solid Waste Management Rules, 2016.

x. The unit shall provide in-situ waste management system for the collection, segregation and treatment of the wastes.

xi. The unit shall provide suitable Bio gas plant inside the preemies for the treatment of the organic wastes.

Agenda Item No.13: Ratification of Consent to Establish & Operate from Pollution Angle issued on 01.07.2016 for construction of Shopping Mall-cum-Multiplex Building at R.S.No.283/2, T.S.No.15,16,17,18,19,20,22pt,23, Ward-F, Block-1 of Puducherry Revenue Village, Puducherry Municipality, Puducherry

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation ratified the proposal.

Agenda Item No.14: Representation of M/s. Karaikal Port Pvt. Ltd., Karaikal to consider the following:

(a) To permit to handle Coal upto 12 MMTPA, in the semi-mechanized mode,

(b) Renewal of Air and Water Consent Orders

(c) Issue of Amendment in the list of General Cargo permitted to be handled, including Wood Chips, Aggregates Dolomite and Clinkers, within the permitted handling capacity of General cargo.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee noted the following :

i. The validity of the Air and Water Consent Renewal, issued to the unit, expires by 30.09.2016 and that, the unit has paid Air and Water Consent Renewal Fees upto 30.04.2018.

ii. Wood Chips, Aggregates, Dolomite and Clinkers, fall under the category of General Cargo.

iii. The Minutes of the 149th Meeting of this Committee, accepting the timeline of 30.09.2016, proposed by the unit, for the completion of the Erection and Commissioning of Mechanization of Coal Handling and thereby imposing a Bank Guarantee of Rs. 50,00,000/- (Rupees Fifty Lakhs Only), towards the same.

iv. The results of the Ambient Air Quality Monitoring study, conducted between 10.08.2015 and 04.06.2016, as directed by the Committee, vide its 145th Meeting, were found to be within the prescribed standard limits.

v. Thiru G.R.K. Reddy, Director, KPPL has committed that, Mechanization of Coal Handling has been completed to an extent of 90%.

vi. The Electrical preparedness of the unit for receipt of 5 MVA of Power, which has been completed in all respects, from the Sub-station at the Polagam Growth Centre, as the receiving end to the Sub-station at the premises of the unit, as the user end.

vii. The Committee considered the Economic situation of the unit, in handling Coal in mechanized manner, to cater to smaller customers and the need for the enhancement of Coal handling from 6 MMTPA to 12 MMTPA.

viii. The unit had obtained clearance from the Ministry of Environment, Forest and Climate Change, for total handling capacity of 21.5 MMTPA.

The Committee after due deliberation decided the following:

i. The Air and Water Consent Orders shall be renewed upto 30.04.2018.

ii. The Committee has No-Objection in permitting the unit to handle Coal upto 10 MMTPA, by semi-automatic methods, provided the Ambient Air Quality, in and around the unit, does not exceed the prescribed standards.

iii. The unit shall submit an Undertaking that, the Ambient Air Quality, in and around the unit, shall be maintained within the prescribed standards and if exceeded at any point of time, the enhancement of handling capacity of Coal, awarded herewith, is liable to be revoked by this Committee.

iv. The list of General Cargo permitted to the unit, to handle, shall be amended to include, Wood Chips, Aggregates, Dolomite and Clinkers, without altering the permitted handling capacity of 2 MMTPA.

v. The validity of the Bank Guarantee imposed vide the 149th Meeting of this Committee, shall be extended upto the validity period of Consent Renewal and thereby extending the timeline for completion of the Erection and Commissioning of mechanization of Coal Handling.

vi. No further enhancement of Coal Handling capacity shall be permitted, without completion of the Erection and Commissioning of mechanization of Coal Handling.

vii. The Directorate of Health and Family Welfare Services/Chief Inspector of Factories shall conduct a study of the possible effects and diseases, which may affect due to handling of Coal and other General Cargo, in the unit, and the prevailing health conditions of the labourers of the unit and the general public residing at the vicinity of the unit, to generate a baseline data, at the first instance, in the health angle and shall be submitted to this Committee. Port Department/M/s. KPPL should coordinate and get this study done regularly

viii. The proposal of conduct of the Public Hearing for the Development of Bulk Liquid Handling Berth, especially for LNG, has been accorded in-principle clearance by the Committee and thereby, a letter shall be sent to the District Collector, Karaikal for the same.

Agenda Item No.15: Issue of NOC/CTE to M/s Poclain Hydraulics Pvt Ltd, Kothpurinatham Road, Thiruvandarkoil for enhancement of capacity with power enhancement

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal, subject to the following conditions:

i. The unit shall obtain necessary permission from the State Ground Water Unit / Regional Committee for drawal of 35 KLD of water from the borewell.
ii. The unit shall obtain Authorization under Hazardous and Other Wastes (Management &Transboundary Movement) Rules, 2016.
iii. VOC emission from the paint booth is treated by paint eliminator /filter let out stack height of 14 m from GL.
iv. The domestic waste water shall be treated in the Sewage Treatment Plant for suitable capacity.

v. The trade effluent shall be treated in the Effluent Treatment Plant.
vi. The unit shall provide necessary agreement with the hazardous waste treatment and disposal facility for the treatment and disposal of the hazardous waste.

Agenda Item No. 16: Issue of Air and Water Consent Renewal to M/s. Chemfab Alkalis Limited:

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee noted that the industry has complied with all the consent conditions and meeting the environmental norms except the condition related to implementation of desalination plant due to certain objections by the local villagers. The committee felt that, since the desalination project will aid in conserving the ground water resources of the region, the industry should pursue the matter with appropriate agencies in the Government. The Committee after due deliberation decided to clear the proposal, subject to the following conditions:

i) The unit shall approach the Industries Department, Department of Revenue and Disaster Management and Public Works Department for necessary co-ordination with the local public on execution of desalination plant project andcomplete the project within one year so as to meet their entire water requirement from the desalination plant.

Agenda Item No.17: Issue of CTE/NOC to M/s. Chemfab Alkalis Limited, Kalapet for expansion of production capacity:

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee observed that the industry is presently operating their caustic soda production at the rate of 100 TPD. The installed capacity of the plant is 125 TPD. The unit has requested for production enhancement of caustic soda from existing 33,000 TPA to 45,600 TPA by operating the plant at the installed capacity of 125 TPD and increasing the number of days of operation. The committee noted that the proposal does not involve any additional power or water requirement or waste water generation. Also, no additional chlorine storage is proposed. The committee observed that the Soda Ash manufacturing proposal is a CO2reduction project resulting in considerable reduction of green house gas emission to the tune of 3600 MTA. The Sodium Sulphate manufacturing proposal will reduce solid waste generation to the tune of 3.0 to 6.5 TPD from their existing chlor-alkali industry. The unit representative informed the committee that they have already obtained Environmental Clearance from the Ministry of Environment and Forests, GoI for enhancement of production from 100 TPD to 200 TPD caustic soda and the validity of this EC has been extended upto 15/08/2017 by MOEF&CC in the EAC meeting held on 16-17/12/2016 and copy of the extension letter will be received shortly.

The committee after due deliberation decided to obtain the views of the Government on the proposal

Agenda Item No 18: Issue of NOC for name change from M/s. Shasun Pharmaceuticals Ltd Unit –I ,Periyakalapet to M/s Strides Shasun Limited Unit – I.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to incorporate the name change in the records of PPCC.

Agenda Item No 19: Issue of NOC for name change from M/s. Shasun Pharmaceuticals Ltd Unit - II, Periyakalapet to M/s Strides Shasun Limited Unit -II.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to incorporate the name change in the records of PPCC.

MINUTES FOR THE 152nd MEETING OF PUDUCHERRY POLLUTION CONTROL COMMITTEE HELD ON 08.09.2016 AT 3.30 P.M. IN THE CONFERENCE HALL OF PUDUCHERRY HOUSING BOARD, ANNA NAGAR, PUDUCHERRY

ADDITIONAL AGENDA

Additional Agenda Item No. 1: Issue of NOC to M/s Kamivisa Products (Annex unit) located at C-11, G4, PIPDIC Industrial Estate, Thattanchavady, Puducherry for enhancement of power and production capacity.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal for enhancement of power from 91 HP to 128 HP and production capacity of Absorbent Wick-10 crore/Annum to 15 crore/Annum and Assembling of pre plug - 7,50,00,000 Nos/Annumto8,50,00,000Nos/Annum, subject to the following conditions:

i) The unit shall not involve in the grinding activity without the consent of this authority.
ii) There shall be no trade effluent generation from the process.
iii) There shall be no hazardous waste generation from the process.

Additional Agenda Item No. 2: Issue of Consent to Establish/ NOC to M/s. Sree PSL Die Casting, Kurumampet, Villianur Commune Panchayat, Puducherry for manufacturing of Aluminium Die Cast Products.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal subject to following conditions:

i) Local Exhaust system shall be provided for removing the fumes from the work place.

Additional Agenda Item No. 3: Issue of Consent to Establish/ NOC to M/s. D & D Globbex, Sedarapet, Villianur Commune Panchayat, Puducherry for modification of the existing unit:

i) The unit shall provide Air Pollution Control Equipments like Bag Filters to effectively collect the dust from the source of emission.
ii) The workers shall be provided with proper respiratory masks for dust.
iii) The unit shall obtain approval of Chief Inspector of Factories

Additional Agenda Item No.4: M/s. Alam Alloys, located at R. S. No. 122/4 - A, Surakudi Village, Thirunallar Commune, Karaikal - Issue of NOC for the proposed Additional Activity of Purification of Ferro Alloys – 4 MTD.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal, subject to the following conditions:

i. The unit shall provide Wet Scrubber, Bag Filter with Pulsejet arrangement, Blower / ID Fan, Stack of 30 m height, separately, for the proposed Induction Furnace.
ii. The unit shall not carry out manufacturing of any other products, other than the purification of Ferro Alloys, *viz.*, Ferro Silicon, Ferro Manganese, & Ferro Silico Manganese.
iii. The unit shall not exceed the permitted production capacity of Ferro Alloys (5 MTD)*viz.*, Ferro Silicon, Ferro Manganese, & Ferro Silico Manganese and the purification of the same (4 MTD)

GENERAL AGENDA

General Agenda No.1: Implementation of action plan points mentioned in the Ease of Doing Business.

The committee discussed the proposal in detail and after due deliberation decided to increase the validity period of Consent to Operate/Renewal and fees as given below:

Category	Consent validity period		
	Green	**Orange**	**Red**
Large (10 crore and above)	15 years (15 years fees)	10 years (10 years fees)	5 years (5years fee)
Medium (5 crore to 10 crore)	15 years (10 years fees)	10 years (10 years fees)	5 years (5years fee)
Small (25 lakhs to 5 crore)	15 years (5 years fees)	10 years (10 years fees)	5 years (5 years fee)
Micro (<25 lakhs)	15 years (2 year fees)	10 years (5 years fees)	5 years (5 years fee)

Consent to Operate/Renewal will be issued on remittance of number of years of fees mentioned against the category of industries in the above table. The revised periodicity will be applicable only for industries which pay the total consent fee for the entire period in advance. Or else the validity period of consent to operate will be restricted according to the number of years of fee remitted.

The validity and fees for Consent to Establish shall be five years and the Project Proponent shall remit one year Consent fees.

Further the Committee decided to issue Office Orders / Circulars for implementation of the following action points of EoDB:

- Exemption of Green Category Industries from Inspection.
- Mandate of online submission of inspection report within 48 hours.
- Auto Renewal of Validity of Consent to Establish, Consent to Operate.
- Categorization of Industries/Projects/Processes/ Activities.
- Revised Classification of Industrial Sectors as per CPCB guidelines
- Defining Clear timelines for approval of complete application.
- Allowing for third party certifications for medium risk industries
  - i. A committee shall be constituted to identify the medium risk industries
  - ii. Authorize NABL accredited consultant/Academic Institutions viz. Pondicherry Engineering College, Pondicherry University, IIT, Anna University, Chennai
- Mandating that the same official will not inspect the same establishment twice consecutively.

General Agenda No.2: Grant of monetary compensation to Tmt. R. Jothi and Thiru. J. Ilango, Junior Lab. Assistant PPCC, Puducherry to work in the NAMP Stations on Saturdays.

The Committee decided to defer the proposal.

General Agenda No.3: Servicing of Ambient CO Analyser.

The Committee after due deliberation accorded in-principle clearance for the proposal. However it was decided to get the administrative approval for the same separately through file.

General Agenda No.4 Hiring of vehicles (LMV) in Puducherry region for the use of Puducherry Pollution Control Committee for its inspection duties.

The Committee decided to submit the proposal on file for consideration.

General Agenda No.5: Release of funds for Regional Conference on Environmental Issues organized by NGT, Southern Zone, Chennai.

The Committee after due deliberation approved the proposal for releasing advance amount of Rs.5 lakhs to TNPCB towards Regional Conference on Environmental Issues organized by NGT.

MINUTES FOR THE 152nd MEETING OF PUDUCHERRY POLLUTION CONTROL COMMITTEE HELD ON 08.09.2016 AT 3.30 P.M. IN THE CONFERENCE HALL OF PUDUCHERRY HOUSING BOARD, ANNA NAGAR, PUDUCHERRY

ANNEXURE

Sl. No Tvl.	Name & Designation of member		
1.	B.R. Babu, I.A.S, Secretary to Government Science, Technology & Environment	--	Chairman
2.	Dinakaran Deputy Director Industries Department (Representing Director)	--	Member
3.	V. Radhakrishnan Hydrogeologist Department of Agriculture (Representing Director)	--	Member
4.	Dr. G. Ragunathan Deputy Director (PH) Directorate of Health and Welfare Services (Representing Director)	--	Member
5.	V. Mohandass Assistant Engineer Puducherry Municipality (Representing Commissioner)	--	Member
5.	G. Paneerselvam TPA Town & Country Planning Department (Representing CTP)	--	Member
6.	Prof. M. A. Sivasankaran, Dept. of Civil Engineering Puducherry Engineering College (Representing Principal)	--	Member & Special Invitee
7.	Prof. G. Chandrasekar Dept of Chemical Engineering Puducherry Engineering College	--	Special Invitee
8.	R. Raviraj Assistant Engineer Electricity Department	--	Special Invitee
9.	M. Dwarakanath Director Science, Technology & Environment	--	Member Secretary
