As per list enclosed

MINUTES FOR THE 155th MEETING OF PUDUCHERRY POLLUTION CONTROL COMMITTEE HELD ON 21.04.2017 AT 3.30 P.M. IN THE CHAMBER OF SECRETARY(ENVT), CHIEF SECRETARIAT, PUDUCHERRY

Agenda Item No. I –Confirmation of Minutes of 154th PPCC Meeting held on 26.12.2016.
Agenda Item No.II –Cases for Issue of NOC/Consent to Establish

Agenda Item No. 1: Petition received against the Mass advent of Ice Plants in Karaikal District and the NOC applications forwarded by DIC, Karaikal.

The Committee examined the allegation and request of the petitioner and discussed the subject in detail. The Committee noted the following:

i. A total of 9 Nos. of applications, for obtaining Consent to Establish / No Objection Certificate, have been forwarded by the Functional Manager, District Industries Centre, Karaikal, for setting up of Ice Plants in Karaikal District.

ii. The representation of the petitioner is based on the demand and supply, which is irrelevent to the pollution control point of view.

iii. The Special Invitee from the Fisheries Department, Karaikal, has furnished that the total requirement of Ice in Karaikal District, presently is 422 TPD and whereas, the existing Ice Plants produce Ice to only 250 TPD.

iv. The positive views of the District Collector, Karaikal, in permitting establishment of Ice Plants in karaikal, as against the allegations and request of the petitioner.

v. The existing ice plants, which are in operation, in Karaikal District, are producing White Ice more than the permitted production capacity.

vi. One of the proposal, *viz.*, M/s. Ragavendra Ice Plant, is proposed in a residential area, at, R.S.No. 262/7A/6&7, Plot No. 5&6, Ragavendra Nagar,Main Road, Varichikudy, Kottucherry Commune, Karaikal.

The Committee after due deliberation decided to clear all the proposals of the Ice Plants received, subject to the following conditions:

i. The representation of the petitioner does not fall under the ambit of this Committee and shall not be considered.

ii. The project proponentsof all the proposals are permitted to manufacture 9 TPD of White Ice only.

iii. The units shall provide ammonia sensors to detect any possible leaks of ammonia gas, during operation of the plant and / or Ammonia gas refilling into the Ammonia System.

iv. The units shall provide water curtains at the ammonia compressor zone to mitigate the emission of ammonia in case of gas filling or any accidents prone to.

v. The Ammonia Sensors and Water Curtains shall be provided with uninterrupted power supply, so as to ensure operation of the same, at any point of time, even at power shutdowns.

vi. The applicant shall apply to this Committee in prescribed form for Air and Water Consent Orders (to Operate) thirty (30) days before the commencement of production.

vii. The project proponents shall obtain clearance from the State Ground Water Unit & Soil Conservation, Government of Puducherry, for drawal of water and for Land Conversion, before obtaining Consent to Operate.

viii. The Project Proponents are not permitted to sink any borewell in and around the premises.

ix. This Committee recommends the State Ground Water Unit & Soil Conservation, Government of Puducherry, for verification and restriction of the production capacity of the existing ice plants in Karaikal District.

x. M/s. Ragavendra Ice Plant is cleared subject to the approval from Karaikal Planning Authority.

MINUTES FOR THE 155th MEETING OF PUDUCHERRY POLLUTION CONTROL COMMITTEE HELD ON 21.04.2017 AT 3.30 P.M. IN THE CHAMBER OF SECRETARY(ENVT), CHIEF SECRETARIAT, PUDUCHERRY

Agenda Item No.2: M/s. Ratnaa Energy Tech,R.S.No. 199/7 & 199/9, Agalangannu Village, Karaikal - Issue of extension of validity of the Consent to Establish and Issue of No-Objection Certificate to manufacture Additional Product of tyre pyrolysis and extraction of Oil from Tyres in the same machinery, without any additional requirement of Power and Water.

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee after due deliberation decided the following:

i. The Consent to Establish, issued by this Committee, to the unit shall be extended for further period of one year, *i.e.*, upto 16.02.2017.

ii. This extension of validity shall be final and no further extension of validity will be considered by this Committee.

iii. The proposal of additional activity of tyre pyrolysis and extraction of Oil from Tyresis rejected, considering the pollution potential and decisions of the previous meetings of this Committee.

Agenda Item No.3: Proposal of M/s. W Ferro Alloys, a Small Scale Red category unit, from the existing premises at, R.S.No. 1/3, Vanjore Village, T.R.Pattinam, Karaikal, to the proposed premises at, R.S.No. 164/1/B2, Polagam Village, T.R.Pattinam, Karaikal, due to financial and administrative reasons.

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee after due deliberation decided to clear the proposal with the following conditions:

i. The project proponent shall install new Air Pollution Control System, viz., Wet Scrubber, Bag Filter with Pulse-jet Arrangment and a Blower attached to a Stack of 30 m Height and shall not use the older one of the same.

ii. The project proponent shall apply to this Committee in prescribed form for Air and Water Consent Orders (to Operate) thirty (30) days before the commencement of production.

Agenda Item No. 4 : Issue of NOC to M/s. Hindustan Unilever Limited, (Tea Division), No.9(3), Cuddalore Road, Kirumambakkam, Bahour Commune, Puducherry for enhancement of 'Package Tea" production capacity from 20000 TPA to 25000 TPA and Power from 268 HP to 498 HP

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal, subject to the following conditions:

i. The unit shall not use boiler or heaters in the process.

ii. The unit shall provide suitable dust collector for the mitigation of the tea dust / Particulate emission while mixing of the raw materials in the feeder.

iii. The unit shall obtain necessary permission from the State Ground Water Authority for purchase of water from the private sources to meet the water requirement of 100 KL in one time use for fire fighting mock drill /making up evaporation losses forfire Hydrant tank and addition 1.5 KLD in regular usage. Logbookto record for daily water requirement shall be maintained.

iv. The unit domestic waste water generation shall not exceed 7.6 KLD and it shall be treated water re-used in side gardening and toilet flushing. Separate energy meter shall be fixed for sewage water treatment systems and shall be maintained with register.

v. The unit generation of rejected and dust collection tea waste of 25 TPA sold to Tea board for approval venders and shall be maintained with registers.

vi. The unit shall comply with the Solid Waste Management Rules, 2016.

vii. The unit shall comply with e-Waste (management) Rules, 2016.

viii. The unit shall comply with Hazardous and other Waste (Management and Transboundary Movement) Rules, 2016.

ix. The unit shall adopt ponds in the surrounding village and take action for rejuvenation and recharge of ground water in the ponds.

Agenda Item No.5 : Issue of NOC to M/s. Packaging India Private Limited, (An Amcor Group Company), No.151/4 & 151/5 Kandanpet Village, Manapet Post, Bahour Commune, Puducherry forEnhancement of 'Printed & Lamination Flexible Packaging Materials" production capacity from 400 TPM to 800 TPM or 4,800 MTPA to 9,600 MTPA, Power from 1140 KVA to 1400 KVA, Water requirement 15 KLD to 30 KLD and additional One Furnace Oil fired Thermic fluid heater capacity 15 Lakhs K Cal./Hr. for standby.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal, subject to the following conditions:

i. The unit shall obtain necessary permission from the State Ground Water Authority for additional requirement of water - 15 KLD.

ii. The unit shall revamp the existing STP by increasing the capacity from 10KLD to 15 KLD before commencement of enhanced operation. Treatedwaste water shall be recycled for toilet flushing and gardening. Separate energy meter shall be fixed for sewage water treatment systems and shall be maintained with register.

iii. Fuel used in the additional Thermic fluid heater shall be furnace oil only. The emission arising from the heater shell be let out through a stack of height 30 meters from the ground level.

iv. The unit shall comply with the solid waste management Rules, 2016.

v. The unitshall comply with e-Waste (management) Rules, 2016.

vi. The unitshall comply with Hazardous and other Waste (Management and Transboundary Movement) Rules, 2016.

vii. The unitshall comply with Plastic Waste Management Rules, 2016.

Agenda Item No.6 : Revision of the service cost towards collection, transfer, treatment and Bio-medical waste management in CBMWTF viz. M/s Pondicherry Solid Waste Management Company Pvt. Ltd., Thuthipet :

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee after due deliberation decided to consult with the Director of Health and Family Welfare Department, Puducherry for revision of fee.

Agenda Item No.7: Renewal of Consent under Water and Air act to CBMWTF viz. M/s Pondicherry Solid Waste Management Company Pvt. Ltd., Thuthipet.

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee after due deliberation decided to clear the proposal with the following conditions that:

i) Monitoring and inspection of stack and effluent of the facility.
ii) Connecting of Continuous Air monitoring system with server of CPCB, Delhi and PPCC, Puducherry in one month.

Agenda Item No.9: Issue of NOC to M/s. Strides Shasun Ltd., Periakalapet, for transboundary Movement of Hazardous Waste from their unit to TSDF at M/s Tamil Nadu Waste Management Ltd., (TWML) available in Tamil Nadu.

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee after due deliberation decided to accord permission to dispose sludge generated from mechanical evaporator of quantity 400 TPM with the following conditions that:

i. For transport & disposal of every consignment of Hazardous wastes, manifest in Form 10 shall be submitted to this Authority.
ii. During transportation, the provisions of Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and relevant guidelines of Central Pollution Control Board thereon shall be followed.
iii. Hazardous waste shall be transported through authorized vehicles with proper marking as per Rules.

The unit shall dispose only authorized category and quantity of HW to M/s Tamil Nadu Waste Management Ltd., Tamil Nadu.

Agenda Item No.10: Issue of authorisation to M/s. Hand-in-Hand Inclusive Development and Services, Chennai, for processing, recycling, treatment and disposal of Solid waste in Karaikal Municipality, Karaikal under Solid Waste Management Rules, 2016.

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee after due deliberation decided to clear the proposal with the following conditions that:

i) Submit the Detailed Project Report (DPR) along with proposed site plan to PPCC
ii) After scrutiny the technology to be adopted will be accepted
iii) The trail run shall be informed to PPCC.
iv) Shall obtain clearance from Karaikal Planning Authority.
v) Apply for Consent to Establish / Consent to Operate under Water (Prevention and Control of Pollution) Act, 1974 and Air (Prevention and Control of Pollution) Act, 1981
vi) Composition (N,P & K value) of the compost shall be submitted

Agenda Item No.11: Issue of NOC to M/s Pondicherry Chemicals at B-188 Industrial Estate, Mettupalayam, Puducherry for enhancement of Production capacity of Aluminium Sulphate from 5 TPD to 20 TPD.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to issue NOC for enhancement of power and production capacity of Aluminium Sulphate from 5 TPD to 20 TPD and power from 57 HP to 100 HP with to the following conditions:

i. The unit shall provide scrubbing system to the reactor to contain the gaseous emission from it.
ii. The unit shall provide dust collection system to contain the particulate matter emission while carrying out the pulversing activity.
iii. The raw material shall be stored in leak proof containment system.

Agenda Item No.12: Issue of Consent to Establish/NOC to M/s. Diligence Bio Private Limited, R.S.No. 28/2, Voluntariat Road, Thuthipet, Villianur Commune Panchayat, Puducherry for Preclinical Research Job work.

The Committee heard the proposal of the project agency and discussed the subject in detail. The project proponent stated that the Consent to Establish of Puducherry Pollution Control Committee is pre requisite for obtaining the approval of Committee for the Purpose of Control and Supervision of Experiments on Animals (CPCSEA) as the CPCSEA will issue clearance only after inspecting the facility. The committee after due deliberation decided to accord CTE for the purpose of establishing the facility for the purpose of obtaining CPCSEA and other regulatory clearances with the following conditions:

i. Before commencement of any of the operation / production the unit shall obtain approval of Committee for the Purpose of Control and Supervision of Experiments on Animals (CPCSEA), Ministry of Environment, Forests & Climate Change, New Delhi before commencement of operation and the Guidelines issued by the committee for Laboratory Animal Facility shall be strictly followed.

ii. The unit shall obtain approval of Genetic Engineering Approval Committee (GEAC), Ministry of Environment, Forests & Climate Change, New Delhi under the Manufacture, Use, Import, Export and Storage of Hazardous Micro-organisms, Genetically Engineered Organisms or Cells Rules, 1989 before commencement of operation and strictly follow all provisions of the rules.

iii. The unit shall obtain approval of State Animal Welfare Board before commencement of operation and strictly follow all provisions of the rules.

iv. The unit shall obtain necessary authorization under the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 for storage and disposal of Hazardous Wastes before commencement of operation and strictly follow all provisions of the rules.

v. The unit shall obtain necessary authorization under the Bio-Medical Wastes (Management and Handling) Rules, 2016 for storage and disposal of Bio-Medical Wastes before commencement of operation and strictly follow all provisions of the rules.

vi. The solid wastes shall be collected and disposed regularly in safe and scientific manner as prescribed under Solid Waste Management Rules, 2016.

vii. The trade effluent generated from the facility shall not exceed 1000 LPD and shall be reused / discharged on land for gardening after proper disinfection and treatment in effluent treatment plant and shall confirm to the 'General Standards for Discharge of Environmental Pollutants Part-A: Effluents' notified under Schedule VI of the Environment (Protection) Rules, 1986 and its amendments thereof.

Agenda Item No.13: Issue of Consent to Establish/NOC to M/s. General Surface Engineering Industries at R.S.No. 105/5, Sedarapet Main Road, Sedarapet, Villianur Commune Panchayat, Puducherry for manufacturing Wiper Motor Body Painting-8 Lakh Nos/annum.

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee after due deliberation decided to clear the proposal with the following conditions:

i. The trade effluent generated from the facility shall not exceed 1200 LPD and shall be reused / discharged on land for gardening after proper treatment in effluent treatment plant and shall confirm to the effluent discharged standards for Electro Plating Industries notified under Schedule VI of the Environment (Protection) Rules, 1986 and its amendments thereof.

ii. The ETP Sludge shall be disposed through authorized Hazardous Waste Disposal facility after obtaining necessary authorization under the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 for storage and disposal of Hazardous Wastes before commencement of operation and strictly follow all provisions of the rules.

Agenda Item No.14: Issue of NOC / CTE to M/s. Bymaa Laboratories Pvt. Ltd. at R.S. No. 2/3, 8/1-3, Plot No. A-19, 20, 21 & 22, PIPDIC Electronic Park, Thirubhuvanai, Mannadipet Commune, Puducherry for enhancement of power from 120 HP to 950 HP and production capacity of Tablets, Capsules, Syrup & Ointment from – 50 Lakh /Annum to 220 Lakh /Annum.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal, subject to the following conditions:

i) The unit shall provide ETP for treatment of waste water generated as proposed and discharge treated water to land within premises.

ii) Air Handling Units (AHU) shall be provided for containment of dust during operation.

iii) The unit shall dispose/continue to dispose expired medicines, tablets and capsules to Common Biomedical Waste Treatment Facility (CBMWTF).

MINUTES FOR THE 155th MEETING OF PUDUCHERRY POLLUTION CONTROL COMMITTEE HELD ON 21.04.2017 AT 3.30 P.M. IN THE CHAMBER OF SECRETARY(ENVT), CHIEF SECRETARIAT, PUDUCHERRY

Agenda Item No.15: Enhancement of Water and Waste water quantities in the Water Consent and issue of CTE for for manufacture of Briquettes for M/s. Larsen & Toubro Limited – Form Work - Timber Shop Unit, Sedarapet, Puducherry

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee after due deliberation decided to clear the proposal for issues of CTE for Briquette manufacturing and amend the water requirement from 10 KLD to 38 KLD and domestic waste water discharge quantity from 8 KLD to 30 KLD in the water consent subject to following condition:

i. The domestic waste water shall be reused / discharged on land for gardening after proper treatment in sewage treatment plant of adequate capacity and shall confirm to the 'General Standards for Discharge of Environmental Pollutants Part-A: Effluents' notified under Schedule VI of the Environment (Protection) Rules, 1986 and its amendments thereof.

GENERAL AGENDA

Agenda No.1: Revision of delegation of Financial Powers:

The Committee decided to suitably revise the delegation of financial powers on par with the Government Departments applicable to the Chairman-PPCC / M.S. –PPCC and Head of Office of PPCC.

ADDITIONAL AGENDA

Additional Agenda Item No.1: Renewal of Consent under Water and Air Act of M/s Sri Aurobindo Ashram Trust, (Nursing Home) Puducherry.

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee after due deliberation decided to clear the proposal with the following conditions that:

1. Plantation of trees shall be done as per approved layout plan and the report shall be submitted to this Office after a year.
2. Energy conservation measures like installation of energy efficiency lighting like LED for lighting the areas inside and outside the building should be integral part of the design. Used CFLs and TFLs should be properly collected and disposed off/sent for recycling as per the prevailing guidelines/rules of the regulatory authority to avoid toxic contamination.
3. Appropriate Rain Water Harvesting Structures shall be established on scientific basis.

Additional Agenda Item No.2: Issue of authorization to M/s. Larsan Tin Printers, Sedarapet, under Hazardous and Other Waste (Management and Transboundary Movement) Rules, 2016.

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee after due deliberation decided to clear the proposal with the following conditions that:

i) The HW generated from the process shall be collected properly and disposed off through authorised persons.
ii) While transporting hazardous waste Manifest in Form-10 shall be submitted to PPCC.
iii) Annual Report in Form-4 shall be submitted to PPCC before 30th June every year.
iv) Records regarding HW shall be maintained in Form-3.

MINUTES FOR THE 155th MEETING OF PUDUCHERRY POLLUTION CONTROL COMMITTEE HELD ON 21.04.2017 AT 3.30 P.M. IN THE CHAMBER OF SECRETARY(ENVT), CHIEF SECRETARIAT, PUDUCHERRY

Additional Agenda Item No.3: Issue of authorization to M/s. Lanson Motors Pvt. Ltd., Kirumampakkam, Puducherry under Hazardous and Other Waste (Management and Transboundary Movement) Rules, 2016.

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee after due deliberation decided to clear the proposal with the following conditions that:

i) The HW generated from the process shall be collected properly and disposed off through authorised persons.
ii) While transporting hazardous waste Manifest in Form-10 shall be submitted to PPCC.
iii) Annual Report in Form-4 shall be submitted to PPCC before 30th June every year.
iv) Records regarding HW shall be maintained in Form-3.

Additional Agenda Item No. 4: Issue of NOC/CTE for recommencement of operation to M/s Vijaya Industrial Alcohols at R.S.No. 2, 3, 18 & 19, Lingareddipalayam, Mannadipet Commune Panchayat, Puducherry for manufacturing Industrial Alcohol (Extra Neutral Alcohol, De-natured Alcohol) - 4400 KL/Annum (12 KL/Day).

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee noted that the unit was closed their operation during the year 2000 and now Directorate of Industries and Commerce has issued NOC to restart the unit vide letter dated 20.09.2016. The Committee after due deliberation decided to accord permission to recommence the operation, subject to the following conditions:

i. The unit shall submit amendment/clearance letter for change of management and change of company name from The Directorate of Industries and Commerce, Puducherry.
ii. The unit shall obtain NOC / Clearance from the Excise Department, Puducherry.
iii. The unit shall not exceed permitted production capacity of 4400 KL/Annum (12 KL/Day) and submit affidavit in this regard.
iv. The unit shall install state of art ETP for treatment of effluent as proposed in the application and re-use re-cycle maximum water and lower the consumption of ground water.
v. The unit shall submit a plan for utilization of spent wash effluent to mix with pressmud.
vi. The unit shall enter into agreement with M/s. Pondicherry Co-Operative sugar Mill for utilization of press mud for compositing.
vii. The unit shall provide concrete flooring if compositing in – house is proposed to be carried out.
viii. Ground water Authority clearance has to obtained / renewed for bore well water usage.
ix. Necessary approval from The Chief Inspector of Factories and Boilers

Additional Agenda Item No. 5: Issue of Consent to Establish/NOC to M/s. Lemon Consumer Products Pvt. Ltd at R.S.No. 34/2, Valuntriat Farm Road, Villianur CommunePanchayat, Puducherry for manufacturing Detergent Soap / Toilet Soap – 37500 kgs/Annum, Liquid Detergent – 75000 kgs/Annum, Dish Was Gel – 12500 kgs/annum, Room Refreshner – 900 kgs/annum, Fabric Conditioner – 500 Nos/annum

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee after due deliberation decided to clear the proposal with the following conditions:

i. There shall be no trade effluent generation.
ii. Entire activity shall be carried out in closed shed with proper exhaust ventilation.
iii. Acid slurry storage area flooring shall be provided with Acid proof tiles.

Additional Agenda Item No. 6: Issue of Consent to Establish/NOC to M/s. Seja Sinters Private Limited atR.S.No.25/3, Cadastre Nos. 107/1,107/2, 108,109,106/2, Koodapakkam, Villianur Commune Panchayat, Puducherry for manufacturing Sintered Metal Parts – 50 Lakhs Nos/Annum.

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee after due deliberation decided to clear the proposal with the following conditions:

i. There shall be no trade effluent generation.
ii. Sintering furnace shall be provided with the fume outlet chimney of atleast 2 meter height above the roof level and the floor should be well ventilated and provided with exhaust fans.

Additional Agenda Item No. 7: Issue of Consent to Establish/NOC to M/s. SR Data Forms, at R.S.No. 44/4, Plot.No. 12 & 13, Pattanikalam, Koodapakkam Road, Villianur Commune Panchayat, Puducherry for manufacturing Manifold Business Forms (Computer Continuous Stationery – 45 Crore Forms/Annum).

The Committee heard the proposal of the project agency and discussed the subject in detail. The committee after due deliberation decided to clear the proposal with the following conditions:

i. The quality of trade effluent shall not exceed 20 LPD and shall be discharged through solar evaporation pond.
ii. Proper exhaust ventilation shall be provided to the printing room
iii. The unit shall obtain Hazardous Waste Authorization for disposal of paint containers, paint contaminated rags and paint sludge and dispose it to authorized disposal facilities only.

Additional Agenda Item No 8.: Issue of NOC/CTE for replacement of existing D.G set and adding new D.G set to M/s. Strides Shasun Limited – Unit –I, Kalapet, Oulgaret Municipality, Puducherry.

The Committee heard the proposal of the project agency and discussed the subject in detail. The Committee after due deliberation decided to clear the proposal, subject to the following conditions:

i. The unit shall replace 1 x 800 KVA, 1 x 250 KVA with 1 No. of 1010 KVA.
ii. The unit shall install new D.G set of 1 x 1500 KVA.
iii. The D.G sets shall be operated only on standby basis.
iv. The stack height of the D.G set shall be maintained as = nearest height of building + 0.2 x $\sqrt{}$ KVA.
v. The D.G sets shall be provided with necessary acoustic enclosures and shall possess Type Approval Certificate to comply with the noise and air emission norms stipulated in the Environment Protection Rules, 1986.

ADDITIONAL GENERAL AGENDA

Additional General Agenda Item No.1: Streamlining and strengthening the functions of ongoing and existing schemes in Puducherry Pollution Control Committee, Puducherry by creation of essential posts of common categories.

The Committee after deliberation decided to accord permission to create the following posts for streamlining and strengthening and functions of ongoing and existing schemes in PPCC:

Sl. No.	Name of the post	Pay structure	No. of posts existing	No. of posts proposed	Total
1.	Junior Accounts Officer	Rs.9300-34800+GP.4600	-	1	1
2	Superintendent	9300-34800+4600GP	-	1	1
3.	Law Officer	9300-34800+4600GP	-	1	1
4.	Assistant	9300-34800+4200GP	-	1	1
5.	UDC	5200-20200+2400GP	-	2	2

6.	LDC	5200-20200+1900GP	-	4	4
		Total	**-**	**10**	**10**

Additional General Agenda Item No.2: Redelegation of powers to the Member Secretary for issue of CTE to Micro and Small Scale Orange Category industries.

The Committee agreed for delegation of powers to Member Secretaryfor issue of CTE to Micro and Small Scale Orange Category industries.

Additional General Agenda Item No.3: Issue of Consent to Operate alongwith Consent to Establish to Micro and Small Scale Green Category Unit:

The Committee after deliberation decided to issue CTE along with CTO with a validity period of 15 Years after collecting Consent fees for 5 Years to Micro and Small Scale Green Category Units.

Additional General Agenda Item No4: Grant of Honorarium to the Staff of Department of Science, Technology and Environment for supervising/supporting the works of Puducherry Pollution Control Committee.

The Committee decided the subject in detail and decided to grant honorarium to the Staff of technical / non-technical of Department of Science, Technology and Environment from the date of appointment for attending the duties of Puducherry Pollution Control Committee.

MINUTES FOR THE 155th MEETING OF PUDUCHERRY POLLUTION CONTROL COMMITTEE HELD ON 21.04.2017 AT 3.30 P.M. IN THE CHAMBER OF SECRETARY(ENVT), CHIEF SECRETARIAT, PUDUCHERRY
